Description

Our company is proud leading producer of complete welding and cutting equipment on the territory of West Balkan. Our rich manufacturing programme includes the following products: Gas welding and cutting sets, pressure reducing valves with indicators, welding torches, cutting burners, nozzles for hand and machine cutting and additional equipment. Our equipment, which was granted a certificate of quality ISO 9001:2008, allows the implementation of our products into the other equipments. Our rich manufacturing park allows us to create almost all mechanical parts, ranging from simple screws, nuts, axles etc.

Besides these products, we are representative dealer of the well known company OETIKER from Switzerland, which produces a wide range different clamps and rings, which can be used in almost any kind of industry, especially targeted for agricultural industry, which provide secure and fast connections.
