- Wednesday 13:00 - 17:00

Description

Anhui Fengle Agrochemical Co., Ltd., (a full member of Fengle Seed Company as a listed company on Chinese Stock Exchange), is a leading agrochemical basic producer in China. Fengle Agrochem, an ISO 9001:2015 certified company, has become one of the largest agrochemical exporters and producers since it was founded in 1998.

Based on our state-of-the-art facilities and in-house R&D scientists and engineers, Fengle Agrochem is committed to developing high quality crop protection products for farmers all over the world. Our products are being sold all over China and exported to Europe, South America, Middle East, Southeast Asia and other foreign markets. Our products include herbicides, fungicides, insecticides and seed treatment products. Fengle Agrochem, enjoying a high reputation in agrochemical industry, has also established long-term business relationship with some multinational corporations. "Caring for the green life, Contributing to the golden harvest". Fengle Agrochem is committed to continuous innovation and bringing the happiness of harvest to each farmer.
