Description

Nursery Nischler was established in 1985. The administration seat is located in Schlanders (BZ) and the production seat is in Albaredo d'Adige in the province of Verona. Our tree production has been increasing in recent years. We have achieved a significant tree production of annually 5 million apple trees (with 50% Knip-trees and 50% 1-year trees). The total area of nursery is 500 ha.
