GEOPLANT VIVAI

<http://www.geoplantvivai.com>

Bilateral Meetings

- Wednesday 13:00 - 17:00

Description

Geoplant Vivai is a nursery operating since 1982 in the production and marketing of fruit plants and strawberry plants. We are present on all European markets with plants of: apple, cherry, pear, peach, apricot, plum, kaki, actinidia and of course strawberry. We are also committed to varietal genetic breeding in the pear and strawberry as well as collaborating with the main international breeder.
