Bilateral Meetings

- Wednesday 13:00 - 17:00

Description

AGRINET the manufacturer of protective materials for the entire agricultural sector (antifactual nets, shading networks, pest control). It produces its network in high-tech production facilities, using high-density polyethene monofilament (HDPE) that protects against UV radiation. The company deals with design and realization of technical solutions for vineyards and orchards. It is a leader in the production and supply of prestressed concrete posts and zinc plated steel posts, anti-hail covers, and protection covers against rain and sun.
